#1 consumer facing app in AR

App of the Day - Our favorites

APP OF THE DAY
Add a Little AR to Your Videos

Augmented reality lets you mix the familiar with the fantastic. Floating balloons, a downpour of dollars, a towering giraffe, a dancing skeleton—

This card features a screenshot of the app's interface showing various AR objects like a purple witch hat, a brown bear, and a black skeleton on a pedestal. Below the image is the text "APP OF THE DAY" followed by the app title "Add a Little AR to Your Videos". A short paragraph describes the app's capabilities, mentioning "Augmented reality lets you mix the familiar with the fantastic" and listing examples like "Floating balloons, a downpour of dollars, a towering giraffe, a dancing skeleton—".

Favorite Soccer Team AR Updates

Leo AR will send notifications when your favorite soccer team scores a goal, has a foul or gets a corner shot to make sure you stay up to date with the latest sports events. In addition, fans will instantly see a magical fireworks experience instantly in their phone where they can also interact and record these AR moments while at home.

Everyone can witness the power of 5G and AR right from their own home.

Goal

AR Happy Birthday

Leo AR will recognize objects in the camera related to birthdays, and instantly create an AR celebration in your mobile device to showcase the power of AR and 5G in your home.

In addition, users will be able to create new videos, record and share these special moments with family and friends.

00:54

3 October Saturday

Merry Christmas

Leo AR will celebrate Christmas with a "Merry Christmas" including text, AR objects and Jingle Bells music to get mobile users in the AR Christmas spirit.

In addition, users will be able to celebrate with their family and share special AR Christmas moments that will be unforgettable.

01:53

3 October Saturday

Happy New Year's

Leo AR will wish everyone a "Happy New Year" upon recognizing an object related to New Year's. This way, users will get the chance to instantly experience AR + 5G in their phone and celebrate the holiday in an extra special way.

In addition, users will be able to create their own New Years moments in AR with a customized New Year's category: users can create new videos, record and share these special celebrations with family and friends.

15:58

1 October Thursday

Happy Unity Day

Leo AR will wish everyone a "Happy Unity Day" in order to celebrate this special holiday with AR + 5G. This way, users will get the chance to instantly experience AR + 5G in their phone and celebrate the holiday in an extra special way.

In addition, users will be able to create their own Unity Day moments in AR with a customized Unity Day category: users can create new videos, record and share these special celebrations with family and friends.
